MIKA SOMOZA

DJ & Music Producer | Event Producer

artist bio

Mika Somoza is a DJ and music producer based in Ibiza, with a solid background in the events industry as founder of Vida Productions and creator of the event concept Rituals.

Her professional journey within the nightlife ecosystem has shaped an artistic identity deeply connected to the dancefloor and the audience experience.

Alongside her artistic career, Mika brings extensive experience in event marketing, communication and promotion in Ibiza, collaborating with leading productions and platforms such as Woomoon, Cova Santa, Playa Soleil, Brunch Electronik Ibiza among others.

On one hand, her role as a promoter and communication agent keeps her constantly present within the scene and around the DJ booth, actively contributing to the positioning and development of events.

On the other, through her production company Vida Productions, she works in artist booking, artistic curation and event production, directly managing artist relations, programming and the creative structure of each project.

This dual experience — from promotion and from production — provides her with a comprehensive understanding of the real workings of the music industry, strengthening both her artistic proposal and her reading of the dancefloor.

artist concept

Mika Somoza's music is designed as a dancefloor experience: flow, progression, tension and release.

Each set is built specifically for its context — sunset, warm-up, opening or peak time — following the real energy of both the event and the crowd.

music style

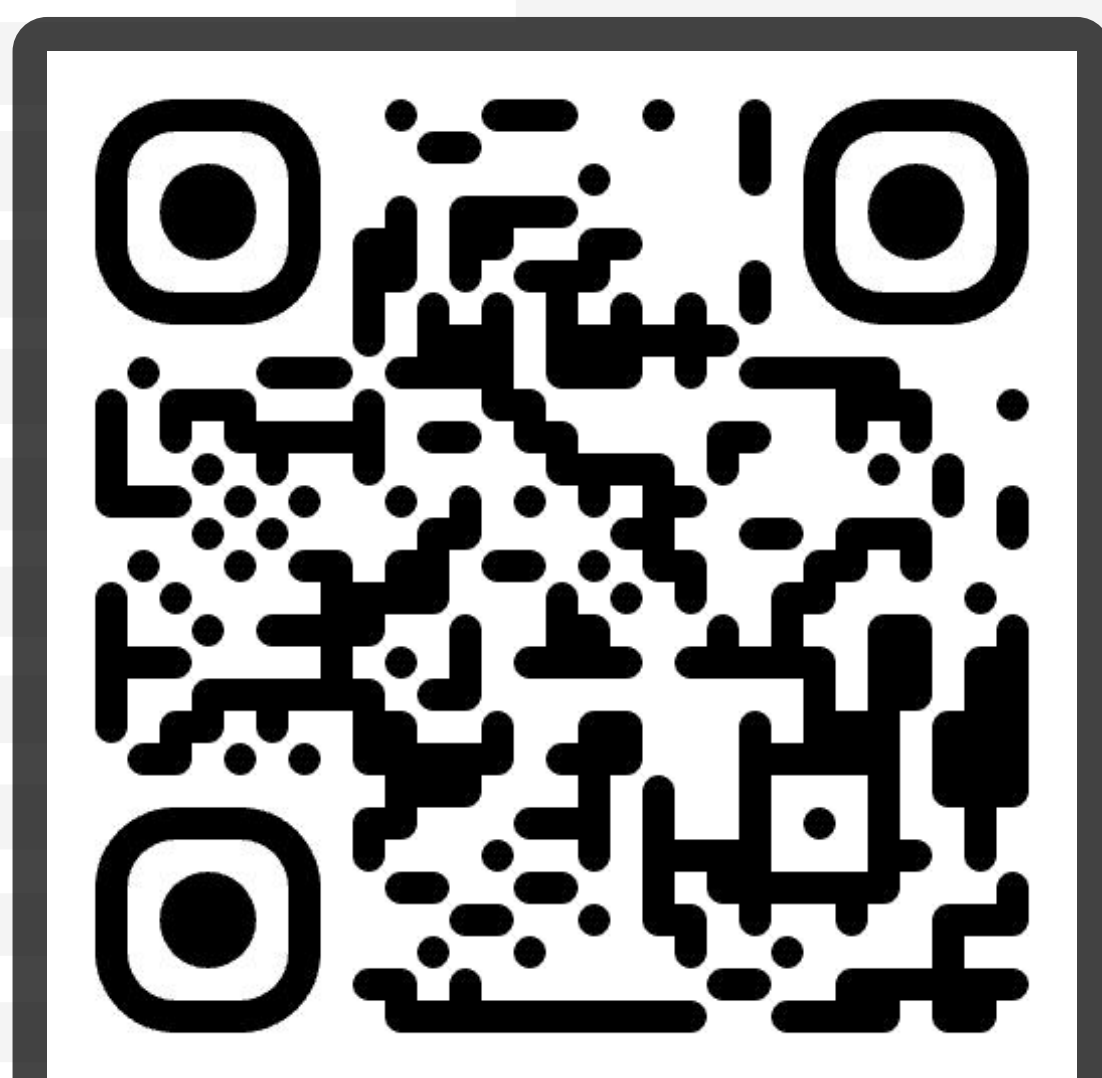

House • Indie House •
Nu-Disco • Balearic • Minimal •
Techno • Tech House •
Indie Dance • Deep House •
Melodic House • Underground
Electronic / Club • Acid Techno
• Acid House
